EXPERIENCE/PROJECTS

INDIAN INSTITUTE OF TECHNOLOGY, KANPUR

Kanpur, India

Research Intern, Remote

May/2025 – Present

- Developed **DSGE** model analyzing fiscal policy transmission for sovereign debt sustainability assessment.
- Conducted **quantitative risk analysis** of various shocks using Bayesian estimation for policy stress-testing.
- Estimated 8-parameter model via **MCMC** (**100,000** iterations, **28.5%** acceptance) for policy analysis.
- Identified monetary shocks explain **89%** output variance, demand shocks **95%** inflation via decomposition.

BOND BAZAAR

New Delhi, India

Wealth Management Intern

Jan/2025 – Apr/2025

- Assisted in **fixed-income portfolio analytics**, emphasizing transparency, liquidity, and market accessibility.
- Supported quantitative analysis of bond cashflows, yields, and compliance with investment guidelines.
- Conducted risk assessment and **stress-testing** on portfolios, enhancing liquidity management strategies.
- Enhanced bond performance measurement and cut reporting turnaround time, achieving a **25%** reduction.

Quantitative Analyst – Sovereign Bond Yield

May/2025 – Aug/2025

- Modeled sovereign bond yield across six emerging markets using econometric and **time-series** methods.
- **Automated** data pipelines from World Bank and Yahoo Finance APIs, ensuring reproducibility via GitHub.
- Confirmed Fisher effect in emerging markets; 1% CPI rise increased yields **0.171** percentage points.
- Analyzed **post-COVID sovereign yield**; dropped R^2 from 0.865 to 0.744, revealing structural shifts.

180 DEGREES CONSULTING, JESUS AND MARY COLLEGE

New Delhi, India

Consulting Director

Aug/2024 – Aug/2025

- Led an 8-member consulting team and **engaged 10+** stakeholders to design strategic growth solutions.
- **Developed** a cost-optimization model for client that improved budget utilization and reduced redundancies.
- Developed a fundraising strategy and donor engagement to increase contributions by **₹5 lakhs** annually.
- Delivered an **85-page report** with recommendations to enhance service capacity for 200+ animals annually.

Founder – Project *Lakshmi*: Ground Up Finance for Grassroot Change

Dec/2024 – Present

- Conducting field interviews with **200+** farmers and artisans across Odisha to identify financial barriers.
- Collaborating with ex-Indian Economic Services officer to design **inclusion strategies** aligned with growth.
- Facilitated awareness of government credit and insurance schemes, expanding **financial access** in Odisha.
